### And What Have You

By BOB CRAIG

What can you say after that game the other night? Like most Piper fans we have played it over and over, but the score still comes out the same.

It would be hard to convince us that the best team won, but that is football.

While we were disappointed in the outcome of the game we were never disappointed in the kids. They played their hearts out — it just didn't seem to be their night to win.

The kids came an unbelievably loing way this year and no one can deny that it has been a great season. We naturally would have liked to have seen the kids go further into the playoffs, but they are still District Champions and can be very proud of this.

The cry of most football fans at the end of a season seems to be "just wait until next year" and in the case of the Pipers this would seem to be a very appropriate rallying cry. Because most of those youngsters playing last Friday night will be back next year.

We feel a special disappointment for those who won't be back next year because they did not reach the goal that they would have liked to have reached. But, even for them the disappointment should not be too great because like we said they did have a great year.

When you consider there are about 200 teams playing Class AA football in the state and only 32 make it into the playoffs each year you can see that there are not too many youngsters that get to wear that District Champion patch on their football jackets.

We again extend our congratulations to both players and the coaching staff of the 1972 Pied Pipers and like we said before, "just wait until next year."

For those of us who always seem to be at least one season behind it is hard to believe that Christmas is just about on us again. In fact, Santa Claus will be making his first visit here Friday.

Again this year the merchants of Hamlin will be going all out to serve your Christmas shopping needs. And again this year they will be trying to show their appreciation for your business by holding their second annual "Wonderful World of Christmas" program and will be giving away at least \$300 in gift certificates to Hamlin shoppers.

Elsewhere in this edition of the Herald are the rules and schedules for this program and also you will find a proclamation by the Hamlin City Council proclaiming December as

### Girls Being Sought Here For Scouting

All girls who are in the seventh, eighth and ninth grades who are interested in becoming Girl Scouts should contact Mrs. Don Pyron at 576-3024 or Mrs. James Crowley at 576-2537 before Tuesday, Dec. 4.

There is an established camp available at all times of the year at Sweetwater for group outings and personal enjoyment. Due to the lack of other activities that are offered to girls of this age group in Hamlin, the leaders feel that some program should be made available and Scouts should fill this need.

Insurance is included with the registration fee of \$2.00 per girl.

All girls interested in the Scouting program or those who have questions should call Mrs. Pyron or Mrs. Crowley.

### Cancer Society Memorial Gifts On Increase

An indication of the growing popularity of the American Cancer Society's memorial program was given today by Miss Arrie Barrett, memorial chairman of the Society's Jones County Unit. Miss Barrett said that memorial gifts to the Unit totaled \$576.00 during the fiscal year which ended on Aug. 31, as compared to \$404.00 in 1971.

"The rapid growth of memorial giving is due to a keener public appreciation of the fact that more tools are needed in the fight against cancer," the chairman stated.

She pointed out that research against the disease has progressed so rapidly that there has not been enough money available to follow up on the many new leads which have been uncovered in recent months.

Every memorial gift is acknowledged with a dignified white card naming the person in whose honor the gift is made. This card is sent to the person designated by the donor.

Miss Barrett said that the process of making a memorial gift is simple. The only information needed is the name of the person honored and the name and address of the person to whom acknowledgement should be sent. Special envelopes are available.

Residents of the Hamlin area should send their donations to Mrs. Kenneth Riddle.

## Santa to Arrive Here Friday, 4:30

Santa Claus will make his first appearance for the Yule Season here Friday afternoon at 4:30. He will arrive in town by fire truck and will pass out candy to the area children at the Farmers and Merchants National Bank parking lot. He will go from there to the Hamlin Board of Community Development office where he will visit with the children.

His trip to Hamlin is being sponsored by the Retail Trade Committee of the BCD.

His appearance Friday will mark the opening of the "Wonderful World of Christmas" being sponsored again this year by the local merchants.

The Christmas lights were installed downtown during the past week and will be turned on for the first time Friday evening. The decorations, which were rebuilt last year, will also include a lighted bell this year.

Merchants who will be participating in the "Wonderful World of Christmas" program this year will start giving away drawing tickets this Friday. The tickets will be good for the first drawing which will be held Friday, Dec. 8, at 4:30. Additional drawings will be held on Friday, Dec. 15, and on Thursday, Dec. 21.

Four or more drawings will be held each week with the winners receiving gift cer-

tificates good at any of the participating merchants. The first week's drawings will be good for \$50, \$25, \$15 and \$10.

Each week the participating merchants will give away new tickets with the tickets good for only that week's drawings. No purchase is necessary and extra

tickets will be available at the drawing. No one individual will be permitted to win more than one prize each week.

Tickets will be given only to those 18 and over or those married. Signs will be placed in the windows of those merchants taking part in the program.

## RESOLUTION

### RESOLUTION OF THE CITY COUNCIL OF THE CITY OF HAMLIN

WHEREAS, the 1972 Christmas shopping season has arrived; and

THEREFORE, BE IT RESOLVED by the City Council of the City of Hamlin, that the month of December, 1972, be proclaimed SHOP AT HOME month, and all residents are urged to take advantage of the convenience of Christmas gift buying in Hamlin.

Adopted and approved this 20th day of November, 1972.

Although it is no consolation for defeat, your young and well coached Pied Piper team will advance much further into the playoffs next season. The exceptional talent Hamlin has is very seldom seen in AA football. We are looking forward to hosting a Hamlin playoff game next year.

If we can ever be of service to you or the Hamlin Independent School District in anyway, please let us know.

SHIMMERING, QUIVERY SALAD IN HOLIDAY COLORS, with nutty zest. The crisp snap of California walnuts makes the recipe extra festive. It's a gala salad that captures the bright spirit of the season, and fits into menus for luncheon, buffet suppers or dinner parties. Photo, courtesy the Diamond Walnut Kitchen.

## FOR THE GALA SEASON: SHIMMERING SALAD IN GLORIOUS HOLIDAY COLORS!

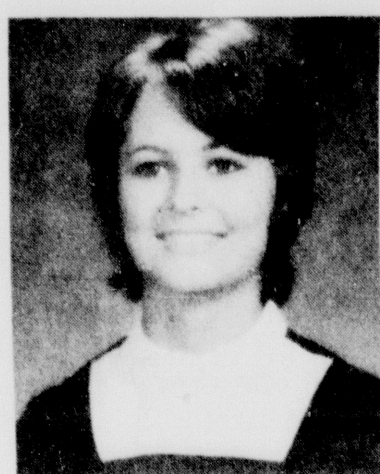

Capture the bright spirit of the holiday season with a colorful gelatin salad that's a merry vision of sunny yellow, dramatic red, snowy white and clear green. The tested recipe features a lemon yellow gelatin that's combined with cream cheese in one layer, and with sparkling red cranberries, and brilliant pineapple tidbits in the other. Crisp fresh California walnuts go into both layers.

The result is a shimmering salad perfect to serve for holiday meals. Try it with baked ham, pork roast, beef, goose or turkey. The

salad is doubly good when the walnuts are toasted. You'll find plenty of California walnuts for this recipe (from the Diamond Walnut Kitchen) and all your holiday baking and candy making. Look for walnuts already shelled in recipe size clear bags, or in-the-shell in cellophane bags.

**Festive Walnut Salad**  
 3/4 cup California walnuts, chopped  
 1 cup uncooked cranberries  
 1/4 cup granulated sugar  
 2 3-ounce packages lemon flavored gelatin  
 1 3/4 cups boiling water  
 3 tablespoons lemon juice  
 1/4 teaspoon salt  
 1 8 1/2-ounce can pineapple tidbits  
 1 10-ounce bottle lemon-lime carbonated beverage  
 1 8-ounce package cream cheese, softened

Toast walnuts at 300 degrees F. for about 10 minutes. Set aside to cool. Chop cranberries coarsely, and mix with sugar. Let stand while preparing salad. Dissolve gelatin in boiling water. Stir in lemon juice and salt. Drain syrup from pineapple into gelatin mixture. Cool thoroughly. Stir in chilled carbonated beverage, and cool until thickened. Set aside 1 1/2 cups for cheese layer. Stir cranberries, pineapple and 1/2 the walnuts into remaining clear gelatin. Spoon into a 6-cup mold, and chill. Meanwhile, soften cream cheese, and gradually blend in reserved gelatin. Stir in remaining walnuts. When fruited layer is almost set, carefully spoon creamy

**HAMLIN HERALD**

FROM THE FILES . . .

FORTY-THREE YEARS AGO  
(November 29, 1929)

To keep the records going and straight the Herald takes pleasure in telling everybody that Hamlin's magnificent \$125,000.00 high school building is going right along. It is almost ready for the second story all round, and will be one of the most elegant and spacious buildings in this part of Texas.

Wednesday the corner stone of this building was closed, and in the receptacle there was placed a heavy galvanized iron box that was tightly sealed with molten metal. The Herald did not get the complete list, but this office furnished four copies of the Herald. These copies carried interesting information about school matters especially that feature concerning steps toward the new building.

The Neinda girls played McCaulley girls a game of basketball Wednesday afternoon. It was a very tight game and those Neinda girls certainly did their stuff, the scores were 14-20 in favor of Neinda. The Neinda Eagles played Hawley boys a game of basketball at the Anson Gym last Friday night. This was also a tight game, scores being 28-27 in favor of the Eagles.

TWENTY YEARS AGO  
(November 28, 1952)

Officials of the Hamlin school system and personnel of the three school cafeterias will be hosts to lunchroom workers, supervisors, homemaking teachers and those interested in school lunchroom programs in this area next Monday afternoon and evening. Hamlin school officials announced first of this week.

A portion of the proceeds will be received by the McCaulley Schools when the National Bowden Quartet appears in a concert at the Ed Mason Gymnasium at McCaulley Saturday night, according to announcement made this week by T. E. Green, superintendent of McCaulley schools.

Divisional prizes for winners in the home and yard decorations for Hamlin's Christmas Festival were announced this week by officials of the Fifty-Two Study Club, which group is handling the details for this section under sponsorship of the Hamlin Chamber of Commerce.

Hamlin's three school cafeterias were rated excellent by a state inspector in a report received this week by school authorities. The inspection was made recently by Georgia M. Waters, district school lunchroom supervisor, with headquarters at Texas Technological College, Lubbock.

TEN YEARS AGO  
(November 29, 1962)

The annual Christmas Concert given by the Hamlin Bands will be on

Monday, December 17, in the High School Auditorium. All the bands will present several Christmas tunes and the high school band will play the traditional "Christmas Festival." Tickets will be 50 cents and can be bought from band members.

A singing at the Hanna Baptist Church will be held at 2 p.m. Sunday. There will be three song books used to give the singers a complete and varied selection of songs.

There will be an Income Tax Clinic in the County Agent's office in the Anson Court House from 9:00 a.m. through 3:00 p.m. on Thursday, December 6, according to information received this week from County Agent, Kirby Clayton.

Six new directors have been elected for three year terms on the Hamlin Board of Community Development. At the regular monthly meeting last Tuesday morning the board decided to sponsor a contest for Christmas decorations for both outside and inside residential decorations as well as for the top three business displays.

The ladies of the Women's Missionary Union of First Baptist Church will begin their annual Week of Prayer for foreign missions this coming week. This is an intensified week of prayer for 1,598 overseas missionaries in 51 countries and the work that they are doing.

NEWS AND VIEWS . . .

And What Have You

—Continued from page one

Shop At Home month.

We are glad to see the Council issuing this proclamation because it is important to the welfare of this city that the people living in it support it as much as possible. Money spent in Abilene, or anyplace else for that matter, helps to support their community services—not ours.

It does very little to help pay for all the services that we expect from the City of Hamlin or from our local schools.

We have tried to never be so blind as to say that you should not buy anything out of town regardless of price or selection, but we do feel that if everyone would just try here first they might be surprised at how little they would have left on their shopping lists.

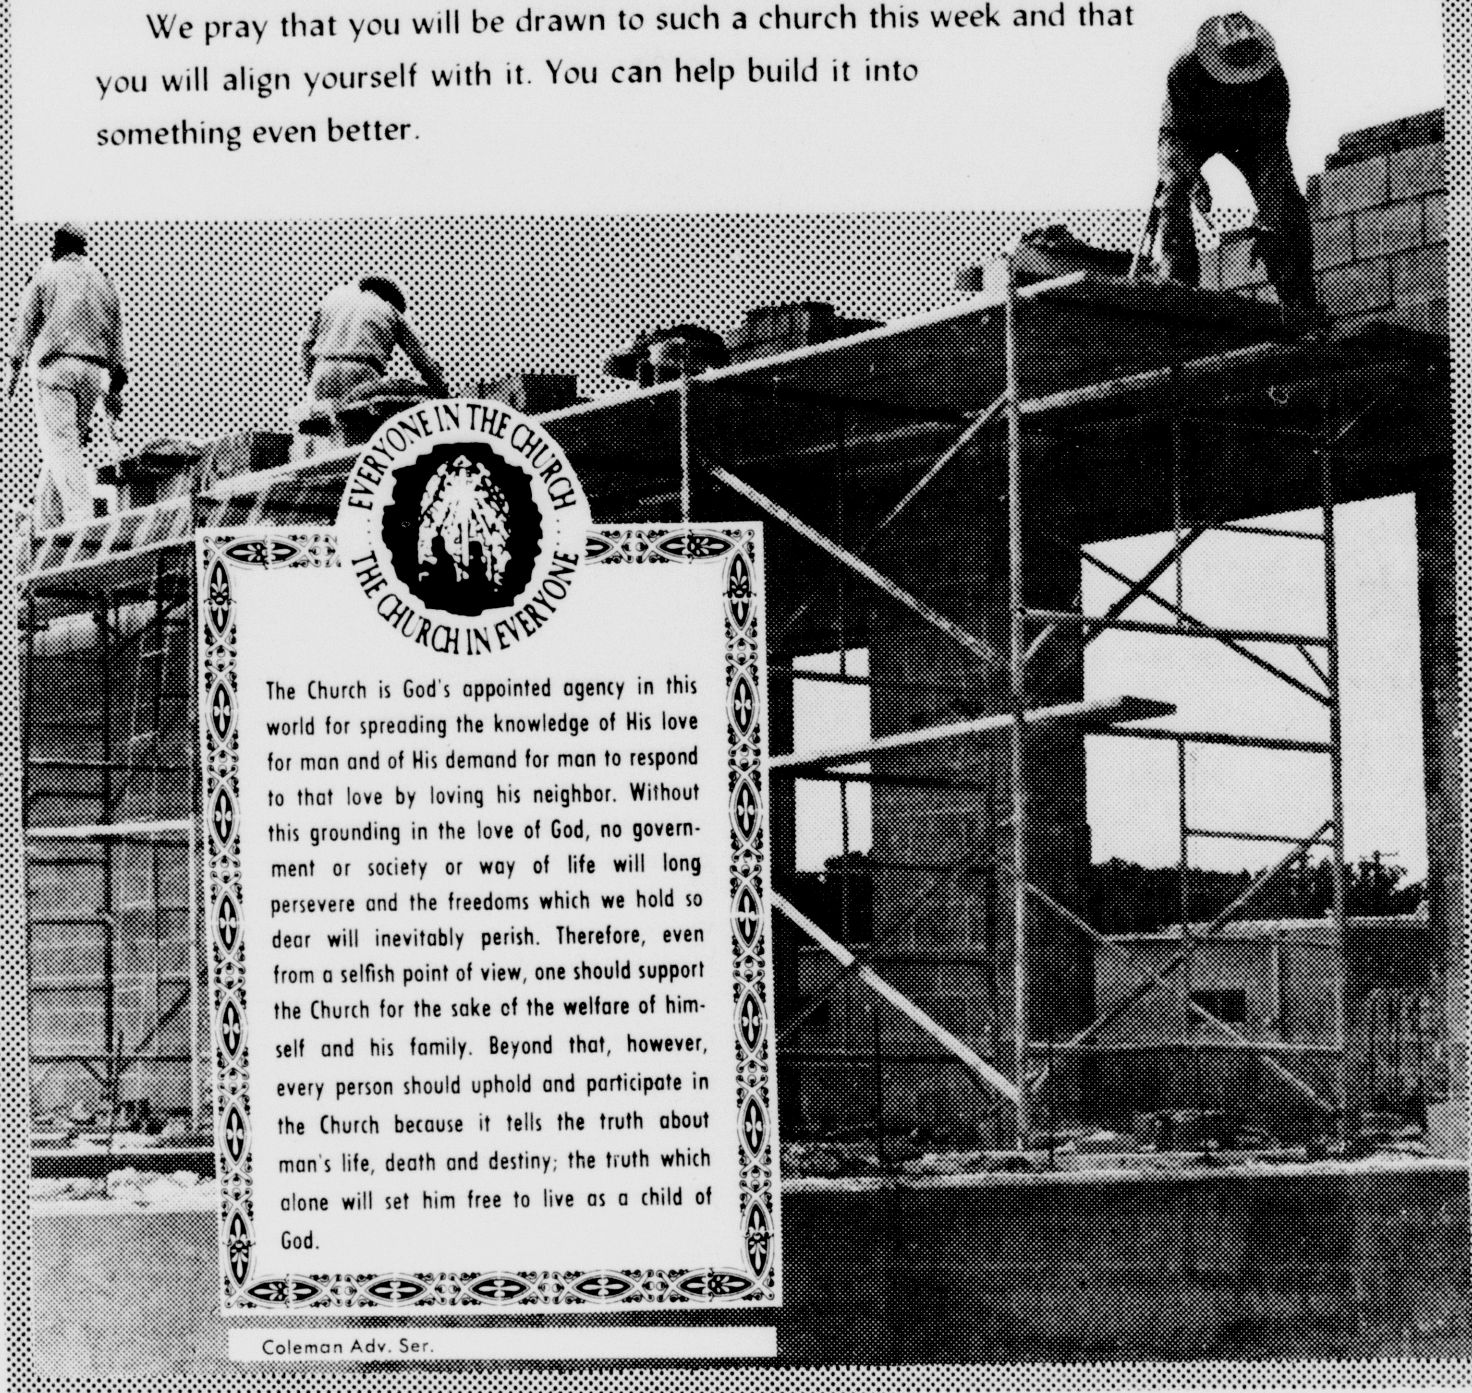

We would just like to urge you to give your local merchants first chance at filling your needs. You not only might save yourselves a lot of trouble but at the same time you would be helping to make Hamlin a better place to live.

What Does It Take To Build A Church?

Perhaps you glance at the church on the corner once in a while and wonder what it would be like to visit during a service. What is it that draws those people to that particular building every week? What built that church?

The only possible answer is — the love of God. Their love of God prompted them to sacrifice and give so that the sanctuary might be built. The love of God compels them to meet there with others who serve Him. Their love of God compels them to "go, and tell others".

We pray that you will be drawn to such a church this week and that you will align yourself with it. You can help build it into something even better.

Neinda Philosopher Thinks Court Used  
Good Wisdom In School Paddling Case

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews a recent decision of the Supreme Court this week, in his own way.

Dear editor:

It has been the custom over the past few years to berate the U. S. Supreme Court, some people saying the judges have made some haywire decisions, especially involving the rights of criminals and other odd decisions the Founding Fathers never thought of when they wrote the Constitution. Some have even said that the calibre of the Judges has been lowered, that, as with other inflationary situations, while it cost as much as it ever did to operate the court you just don't get nearly the quality of decisions.

Well, that's mostly out of my province, but the Court did act the other day in a way that makes you believe it still has some smart guys on it.

Here's the situation: some parents, displeased because a school teacher had paddled their son, sued the school on the grounds it was unconstitutional.

I don't know which part of the Constitution they based their suit on, although I'm pretty sure it wasn't the Freedom of the Press clause. Who ever heard of an editor's child needing paddling?

At any rate, the case got all the way up to the Supreme Court, and what was the Court's decision?

In its wisdom, in fact in its unchallengeable Solomon-like smartness, the Court simply declined to rule on the case. Washed its hands and said no thanks.

Say what you please about those Judges on other decisions, but in this case they demonstrated absolutely superior

wisdom. Nobody was about to catch them getting messed up in a local school affair.

To this day we don't know whether the kid was paddled unconstitutionally or not, but if I were a kid I believe I'd watch my step and try to avoid whatever it was that brought on that whipping.

Yours faithfully,  
J.A.

John Watts spent the Thanksgiving holidays in Dallas visiting with his grandparents, Mr. and Mrs. Ben Gentle, and his mother, Mrs. Roy Ross, who lives in Durant, Okla. He also visited during the weekend with friends in Tyler.

# Stunned Crowd Watches As Pipers Drop Bi-District, 17-14

It was a stunned crowd of Hamlin fans that just stayed in the Snyder Stadium stands Friday night trying to tell themselves that their Pied Pipers had not really lost their Bi-District game to the Cooper Pirates, 17-14. The Pipers, who won everywhere but on the scoreboard, lost the game in the final minutes of the contest on two back-to-back Pirate touchdowns.

It was Piper miscues that seemed to be their own undoing as they gave up the ball three times during the night on fumbles. The first two cost them probable touchdowns that could have blown the game wide open, and the final one that cost them the game.

The Pipers drove the ball inside the Pirate six-yard line twice in the first half only to give up the ball each time on fumbles. Then in the final minutes of the game and leading 14-10, the Pipers fumbled on their own 22. The Pirates scored four plays later to win the game, 17-14.

In spite of the Piper miscues, it appeared that the combination of the tremendous Piper defense and the sensational running of Sophomore Halfback Johnny Jones would still get the Pipers into the

Regional Round of the State Playoffs until the final moments of the game.

Jones ran through and around the big Pirate defensive unit for 218 yards in 24 carries for a 9.1 average and two touchdowns. His night's work brought his total for the year to 1410 yards in 151 trips for an average of 9.3 yards per carry. As a freshman and a sophomore, Jones has played in 19 games and has carried for 2104 yards in 252 tries for a career average of 8.4 yards and 164 points.

Cooper kicked off to open the Bi-District clash with Bill Cork returning the ball 20 yards to the Hamlin 31; Johnny picked up a first down at midfield on carries of three and 14 yards. But the Pipers were forced to punt from the Cooper 45 when they failed to pick up another first down. It was a short punt into the wind with Cooper taking over on their 26.

The Pirates picked up a first down at their own 38, but were forced to punt back to the Pipers from the 45. The Pipers took over on their own 18 and again moved to the Cooper 45 before punting again.

Cooper took over again on their 31 but failed to gain a first down and punted again with Hamlin taking over on the 19.

From here the Pipers started their first drive of the night, picking up five first downs and moving to the Cooper six-yard line before giving up the ball on a fumble.

Johnny opened up the drive with a 15-yard carry, was then held for no gain and Quarterback Milton Jones connected with Tight End David Willis for nine yards. A delay of game penalty cost the Pipers five yards and then Johnny broke loose for 20 yards to the Pirate 44. Fullback Albert McAfee carried for gains of four and three and then Johnny carried for back to back two yards gainers for the first down at the 33.

An incomplete pass a two-yard gain by McAfee, and a seven-yard pass to Flanker Bill Cork put the Pipers in a fourth and one situation at the 24 with Milton sneaking for the first down. McAfee carried for four and then Johnny broke for 12 to Cooper seven. Johnny carried to the six and then the fumble gave the ball to the Pirates on their own seven.

The Pirates moved out to the 33 before getting off a 20-yard punt into the wind.

The Pipers failed to pick up a first down and punted back to

the Pirates who took over on their own 11. On third down Joe Mayes picked off a Cooper pass at the Pirate 35. The Pipers drew a five-yard penalty. McAfee picked up two yards and then Milton connected with Willis on a 37-yard pass to the Cooper three. Following a half the distance penalty that put the ball on the one and a half yard line, the Pipers fumbled again. Cooper punted out on fourth down and the Pipers moved to the Pirate 36 as the first half ended.

Junior Martinez, on a fake handoff, returned the second half kickoff from his 10 to the Hamlin 27. The Pirates moved to the 10 in five plays and on fourth down Rick Greer kicked a 28-yard field goal to put the Pirates out in front, 3-0.

Cork again returned the kickoff back 20 yards to the Hamlin 35. Following two incomplete passes, Johnny picked up a first down at the Hamlin 45. McAfee picked up four yards,

but on second down Cooper picked off Milton's pass at the Cooper 35.

Cooper moved out to their own 46 before punting to the Hamlin 41. On the first play Johnny broke right up the middle for 59 yards and the first touchdown of the night. Steve McKissack kicked the point after.

Following the kickoff, Cooper moved to the Hamlin 15 before losing their first fumble of the night. Taking over on their own 15, the Pipers moved out to the 26, but a penalty set them back and on fourth down Milton got off a 56-yard punt to the Cooper 26.

Cooper fumbled on first down with Hamlin taking over on the Pirate 31. Willis carried for five on the end around. Johnny picked up four and then was held for no gain. On fourth down Milton picked up four yards for a first down on the 18. Johnny raced around his left end and walked into the end zone for the touchdown. McKissack added another point after.

Cooper picked up a first down following the kickoff, but was forced to punt from their own 33 with Hamlin taking over on their own 21. The Pipers managed only five yards in three plays and punted back to the Pirates. With the quarter change the Pipers were again punting into the wind and the kick was good for only 24 yards.

Taking over on their own 46, The Pirates moved to the Hamlin 42 on a first down pass and then picked up another first down at the Hamlin five on a third down pass good for 37 yards. On third down Cooper Quarterback Bobby Caudle scored from the one. The kick was good and the Piper lead was cut to four points with just 3:28 left in the game.

Taking over on the 20 following the kick off the Pipers fumbled on first down with Cooper recovering on the Hamlin 22.

Caudle had a pass go incomplete and then carried for 11 to the Hamlin 11. On second down, Caudle again kept the ball and rolled around his left end for nine yards and the winning score. The kick was

good and the Pipers trailed 17-14 with 2:28 left on the clock.

Following the kickoff Milton was dropped for an eight-yard loss while trying to pass, had a pass go incomplete and then was dropped for a seven-yard loss. On fourth down Johnny picked up 14 yards, but was short of the first down and the Pirates took over and ran out the clock.

Wow! There's a new student  
body at Hamlin High School.  
The old one is gone and a new  
one filled with pride, spirit, and  
determination has arrived. Now  
students stride instead of  
shuffling, speak instead  
mumbling and smile instead of  
frowning. Everyone is proud of  
the reputation our football  
team, band and students in  
general have made for HHS.

This change has been created in  
the year of 72-73 and don't you  
forget it! We're all proud and  
are looking forward to next  
year, but the '73 seniors have  
played their last football game.  
And what a game it was!! I  
don't think I need to describe it,  
because if you cared — you  
were there. And we really dig  
all of you people that came and  
supported us. Thanks a lot! And  
thanks Pipers — All Pipers —  
for being Pipers.

Let's remember football

season with a smile and then  
look forward to District  
Championship in Basketball!

The Thanksgiving holidays  
were really nice. It was so good  
to see all of the college kids in  
from various places and  
relatives from everywhere. I  
couldn't keep up with all of the  
fun but I'm sure everyone had  
theirs.

The Concert Band is  
preparing for the "Christmas  
Concert" coming up soon. And  
here's a sneak preview: "Black  
Magic Woman" and "Christ-  
mas Festival" are really fan-  
tastic songs. Plan to buy tickets.  
soon.

Well, that's about all. It was a  
lazy weekend, but we'll make  
up for it during Basketball  
Season. Let's back the Pipers  
every weekend and  
REMEMBER 72!

PIPERS STAND PROUD!!!

## 10 Times As Much For Half The Price?

The average rural electric cooperative  
family is using 10 times as much electricity  
today as they did 30 years ago at half the  
price per kilowatt hour.

No one knows what the future holds, but this  
much is certain. Regardless of the future,  
the cost of electricity from the Midwest  
Electric Cooperative will be what it always  
has been and is now — the biggest bargain  
around.
